

TROPPMAN PROSTHETICS

WELCOME PACKAGE

WELCOME TO TROPPMAN PROSTHETICS

Our mission:

"To serve the community by providing professional prosthetic services to improve health, function, productivity, and overall quality of life."

Troppman Prosthetics is an accredited private clinic that has been servicing Edmonton for over 40 years. We also provide prosthetic services at our satellite office in Grande Prairie every month, as well as regular clinics in Camrose.

We center our practice on patient care offering a wide range of services for both upper and lower extremity amputees and specialize in designing artificial limbs for amputees to perform at their best.

We also work closely with the leading manufacturers in the prosthetic field to develop prostheses of high quality.

YOUR FIRST VISIT

We will prepare your intake information collected during your initial phone call. You will be asked to review it and add any additional information you think would be helpful to our team.

You will be asked about your goals, lifestyle, interests, and levels of activity. The more information we know about you, how you live, work, and play, the more effective our team can be at creating a personalized treatment for your prosthetic needs.

WHAT TO BRING TO APPOINTMENTS

We will need a **prescription** from a medical doctor to start every project. It can be sent directly through fax or email prior to or after your consultation.

We recommend bringing shorts to your **casting** appointments if you are a lower limb amputee or a short sleeve shirt if you are an upper limb amputee.

Don't forget to bring shoes for your **fitting** appointments!

FUNDING INFORMATION

PRIVATE INSURANCE - We will provide you with a quote for your project after discussing all of the options with your clinician. Each patient is responsible to submit their own claim.

AADL- For residents of Alberta with a valid Alberta Health Care number. You will be required to pay 25% of the cost of any authorized benefits, to a maximum of \$500 per family, per benefit year. AADL will pay 75% of the authorized benefits. If you choose any upgrades, you will be responsible for any cost exceeding AADL's price maximum.

FUNDING INFORMATION

AADL- If you are over the age of 65 or qualify for cost-share exemption or are under the AISH program you will not be required to pay for your prosthetic services unless your project includes any upgrades.

WCB- Authorized benefits for amputees requiring a prosthesis due to a work-related injury. We will require your case number and your case manager's contact information.

NIHB- Eligible First Nations and Inuit patients who are not covered through other programs such as social programs, private insurance plan and or provincial or territorial health insurance. NIHB requires patients to have a prescription for consumable supplies and prosthetic devices.
